YOUR GROUP BENEFIT UNDERWRITERS ARE:

The GPS Consulting Group provides employee benefit services through its facilities located in Oakville, Ontario. GPS is an entrepreneurial company focusing on custom solutions that meet the challenges and opportunities of our client universe. With 50+ years of experience GPS offers innovative solutions and cost-effective insurance programs.

The OSSGA, in conjunction with GPS Consulting (the appointed broker), are pleased to offer the OSSGA's association a competitive employee benefit program for the members and the associate members. OSSGA members are invited and encouraged to take advantage of the benefits offered through the OSSGA Plan. Whether you have an existing plan or haven't been able to find a competitively priced plan, this program may be for you. The combined buying power of the Association may give you the cost effectiveness you have been looking for.

The OSSGA benefit program can accommodate most existing plan design provisions that are in effect with your current plan underwriter. The advantages of participating in the OSSGA program are the potential for lower premium rates and lower insurance company operating expenses which are a result of being consider part of an overall larger risk.
